Subject : Update on Viwentiaa 2026 Tech-Fest PreparationsUpdate on Viwentiaa 2026 Tech-Fest Preparation

Dear Professor,

I hope you are doing well. I am writing to give you a brief update on the preparations for **Viwentiaa 2026**, the annual tech-fest at KLH Bachupally.

So far, we have completed the initial planning and finalized the major events and activities. The organizing teams have been assigned their respective responsibilities, and the event schedule and basic requirements have been discussed. We have also started working on the posters, publicity, registrations, and arrangements for the venues and technical equipment.

At present, most of the major preparations are on track. However, a few tasks still need to be completed before the event. These include finalizing the participant registrations, confirming the event-wise requirements, completing the publicity, arranging the necessary equipment, and conducting a final check of the venues and technical setup.

We will continue coordinating with the respective teams to make sure everything is completed on time. We will also keep you updated about any changes or requirements that come up during the final preparations.

Thank you for your guidance and support. We look forward to making **Viwentiaa 2026** a successful and memorable event.

Regards,
Aslesha Lingampally (2620030450)

Reddy Naga Tharini (2620030449)

Keta Harshitha (2620030451)

Aditi Chandra (2620030464)

Organizing Team
